

Offer trucks to a carrier

Office dispatchers | Quick reference guide

Illustrative workflow with generic examples; no live customer records.

1. Open the hauling day

Select the day or route in Schedule & Allocation to view the requirement and its available truck slots.

2. Review the offer

Choose quantities, a carrier, a future expiry, and an optional agreed charge per truck. Click Review offer.

3. Confirm and notify

Check the details and click Confirm offer. Contact the carrier separately and direct them to their authorized portal.

Good to know

Automatic allocation offer emails and texts are not enabled. Offering reserves slots; it does not confirm acceptance.
